

# NOTICE OF ROAD CONSTRUCTION on Heatherstone Drive

The roadway in front of your home adjacent to the bottom of your driveway requires an additional coat of HA5, the pavement preservation treatment. This will limit the access to your driveway for a period of approximately 10 hours beginning at 8am, on Thursday, June 14, until 6pm. Per the map on the back, the green phase affecting 31322, 31326, & 31330 will be closed for approximately 10 hours. You will not have access to your driveway for this 10-hour period.

La calzada delante de su casa adyacente al fondo de su calzada requiere una capa adicional de HA5, el tratamiento de la preservación del pavimento. Esto limitará el acceso a su entrada por un período de aproximadamente 10 horas comenzando a las 8am, el jueves, 14 de junio, hasta las 6pm. por el mapa en la parte posterior, la fase verde que afecta a 31322, 31326, & 31330 será cerrada por aproximadamente 10 horas. Usted no tendrá acceso a su camino de entrada para este período de 10 horas.

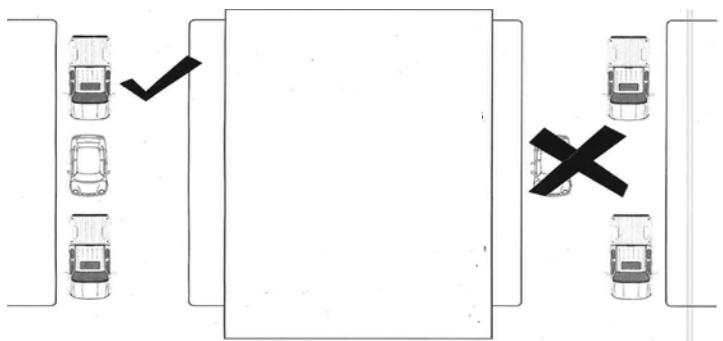

To obtain the full benefit of the treatment to maximize the financial savings, the CDD asks residents to do the following:

1. **ALL OUTSIDE IRRIGATION MUST BE TURNED OFF.** So that the contractor can apply the treatment in a dry condition, please make sure your irrigation system is turned off between 6:00 pm the day before the work is scheduled to be done in front of your home and midnight of the work day.

## 2. PARKING:

- a. **DRIVEWAY ACCESS:** During the specific times the roads are closed and the treatment is drying/curing, you will not have access to your driveway. Any damage done to private property due to traveling over a treated street earlier than requested will not be repaired by the contractor or the CDD, and any damage done to the pavement treatment because of not complying with this request will be documented for possible legal action.

- b. **WHERE TO PARK:** Park in your neighborhood on the street in a phase that is not scheduled for that day. Only park on one side of the road per the image to the right to allow emergency access.

3. **SERVICE VENDORS:** Please ask any service vendors (**landscapers**, special deliveries, construction, etc.) to avoid working on the days that the treatment is planned to be done.
4. **PROJECT CONTACT:** Please contact the following for any construction questions related to the project: Whitaker Contracting 813-701-2050, Julie (407) 965-6249, or Tonja [Tonja.Stewart@stantec.com](mailto:Tonja.Stewart@stantec.com)
